Experience

Web Developer

Off Leash K9 Huntsville

September, 2018 - Present

- Responsible for all development for <http://olk9huntsville.com>
- Built dynamic templates, pulling data from custom CMS API with little documentation (Polymath)
- Translated PSD mockups and UX wireframes into responsive, dynamic website
- Used PHP 7, Dwoo, HTML5, SCSS, Gulp, jQuery, Docker, Bitbucket

Web Developer Contractor

Indubitable Media

April, 2018 - Present

- Building templates for Wordpress and other CMS API integration
- Using SCSS, Foundation, Gulp, jQuery, external plugins
- Working from wireframes with creative license and converting PSD mockups into responsive pages
- Designed, coded, and integrated reusable features (calendar, gallery, navigation)

Software Development Intern

Notch8

April, May 2018

- Full-Stack Ruby/Rails internship at web application consultancy
- Working on open-source digital content management library system for non-profit
- Integration testing with Capybara, Selenium & Rspec; testing Rails application with complex file structure
- Project management using Docker, GitLab

Salesperson

Nordstrom

2015 - 2017

-
- Sold \$645k in first year, awarded Top Seller recognition & recognized as All Star for outstanding customer service
 - Drove extra \$10k/month through loyal client relationships—used new technology to boost sales outside workplace
 - Developed creative problem solving skills to resolve issues surrounding customer satisfaction, missing merchandise, and tactful return processing
 - Excelled in competitive commission environment, while maintaining strong, collaborative relationships with coworkers

Editor & Content Lead

Hatch Innovation

2014 - 2015

-
- Planned, edited content for non-profit's monthly newsletter—scheduled and led weekly editorial calendar meetings, by coordinating with staff and fellows to select articles.
 - Formulated newsletters, wrote articles, and regularly edited and posted content onto multiple Hatch-affiliated websites. Participated in weekly marketing meetings, ensuring social media presence was consistent.
 - Coordinated fundraising event for 150 people—produced promotional content, post-event coverage, and liaised between volunteers and local businesses.

Various Roles

Nordstrom Rack

2011-2015

-
- Experience in nearly all sides of business— managed team of 10 people; resolved complicated customer issues sometimes spanning multiple shifts; analyzed sales and department goals on weekly basis; performed bi-weekly manager-in-charge shifts in large downtown store
 - Led inventory team and assessed product demand and processing strategies
