An adaptable junior developer recently graduated from LEARN Academy with a focus on JavaScript and Ruby/Rails, who loves finding creative solutions and making things look better. Exploring new technologies keeps me going, as does my passion for creating a positive impact through technology. Seeking an entry-level software engineer position where I can grow within the company and feed my hunger for knowledge.

Creative + Coachable + Meticulous + Driven + Feline Enthusiast

Education

LEARN Academy
Full-Stack Web Development Program
Ruby/Rails & JS immersion program

Oregon State University (GPA: 3.97)
B.A. 2011; Summa Cum Laude, German

Experience

Web Developer	**Off Leash K9 Huntsville**	September, 2018

- Responsible for all development for http://olk9huntsville.com
- Built dynamic templates, pulling data from custom CMS API with little documentation (Polymath)
- Translated PSD mockups and UX wireframes into responsive, dynamic website
- Used PHP 7, Dwoo, HTML5, SCSS, Gulp, jQuery, Docker, Bitbucket, external plugins

Web Developer Contractor	**Indubitable Media**	April, 2018 - Present

- Building templates for Wordpress and other CMS API integration
- Using SCSS, Foundation, Gulp, jQuery, external plugins
- Working from wireframes with creative license and converting PSD mockups into responsive pages
- Designed, coded, and integrated reusable features (calendar, gallery, navigation)
- Wrote variety of long-form copy for digital marketing strategies

Software Development Intern	**Notch8**	April, May 2018

- Full-Stack Ruby/Rails internship at web application consultancy
- Working on open-source digital content management library system for non-profit
- Integration testing with Capybara, Selenium & Rspec; testing Rails application with complex file structure
- Project management using Docker, GitLab

Salesperson	**Nordstrom**	2015 - 2017

- Sold $645k in first year, awarded Top Seller recognition & recognized as All Star for outstanding customer experience
- Drove extra $10k/month through loyal client relationship
- Developed creative problem solving skills to resolve issues surrounding customer satisfaction, missing merchandise, and tactful return processing; viewed as point person in department for problem resolution
- Excelled in competitive commission environment, while maintaining strong, collaborative relationships with coworkers

| Editor & Content Lead | **Hatch Innovation** | 2014 - 2015 |

- Formulated newsletters, wrote copy, and regularly edited and posted content onto multiple Hatch-affiliated websites. Participated in weekly marketing meetings, ensuring social media presence was consistent.
- Assisted in marketing for fundraising event for 150 people—produced promotional content, post-event coverage, and liaised between volunteers and local businesses.
- Planned, edited content for non-profit's monthly newsletter—scheduled and led weekly editorial calendar meetings, by coordinating with staff and fellows to select articles.

| Assistant Manager, Manager | **Nordstrom Rack** | 2013-2015 |

- Managed team of 10 people and trained new employees; resolved complicated customer issues; analyzed sales and department goals on weekly basis and communicated with buyers based on findings; performed bi-weekly manager-in-charge shifts in busy downtown store
- Led inventory team and assessed product demand and processing strategies

Projects
